

**ROYAL LED 30W**

## SOLLJUS ROYAL LED 30W

Solljus Royal LED is a street and area lighting fixture of very high quality. Royal is made of powder-coated anti-corrosive aluminum and has a glass lens, which makes the lighting fixture very durable and able to withstand harsh environments. Royal is a perfect light on 4-8m poles with c-c 20-40m and replaces 70W HPS and 125W Hg.

## QUALITIES

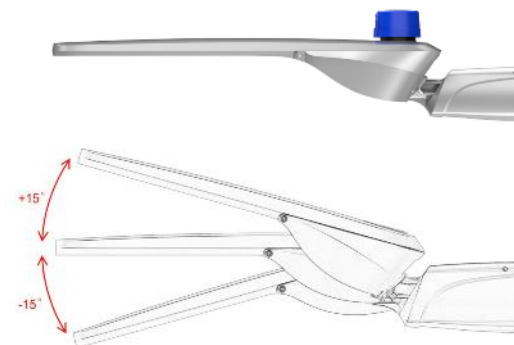

### REFERENCES

Over the years, we have delivered over 70,000 street lighting fixtures to our customers. The Royal product family is a result of continuous development and its quality interacts with our other range.

### APPLICATIONS

Solljus Royal 30W is a direct replacement for 70W HPS and 125W Hg. It is suitable for smaller roads, parking lots and ski and exercise trails.

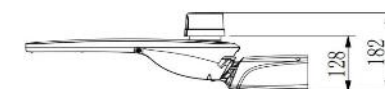

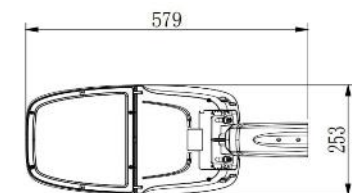

### VERSIONS

Solljus Royal 30W is our standard street light but on request it is available with powers up to 280W and with accessories such as light sensors, DALI, 0-10VDIM, Bluetooth and other optics.

### MOUNTING

The fixture is mounted directly on the pole and on all types of arms up to Ø76mm. A built-in bubble level simplifies alignment and the light fixture has built-in power cut-off for maintenance.

## TECHNICAL DATA

ROYAL	30W
Lumen efficiency	150 lm/W
Lumen	4 500 lm (output depending on optics)
Color temperature	4000 K
Color rendering	CRI 80+
LED lifetime	100 000h L70B10
Light source / Driver	Seoul LED / Sosen with 10KV surge protection
Temperature tolerance	-40°C to +50°C
Control	ON/OFF standard (On request: 0-10V, Bluetooth, Dali)
Protection class	IP 66, 3G vibration, class 1, corrosion resistant, IK08
Optics	Individual Ledil lenses 75°x150°. (Type II-M, Type III-M, Type IV-S and 20°x100° on request)
Total weight	5,2 kg
Dimensions	579x253x128 mm
